COMMITTEES HARD AT WORK UPON APPROPRIATION BILLS.

Preparing Their Reports So as to Submit Them to the Present Session—Anxious for Adjournment—Bills Passed—The President Signs the Oleanomarine Bill.

WASHINGTON, Aug. 4.—The conference committees on the sundry civil appropriation bill, after an almost continuous session of twenty hours, has finally reached an agreement, and will submit its report at once. The bill relating to the coast and geodetic surveys which has been the point of serious contention and bickering, is almost the same as that originally demanded by the senate, the number of assistants, sub-assistants and aids to be reduced to fifty-two. The protection and improvement of the Yellowstone national park are turned over to the secretary of the interior, and \$40,000 a year appropriated for this purpose.

Ninety thousand dollars is appropriated for the protection of the public lands from illegal and fraudulent entry; \$20,000 to determine whether alleged fraudulent entries have been made, to be expended in hearings before the United States land registers and referees; \$20,000 for salaries and expenses of agents employed in adjusting claims for swamp lands and for indemnity for swamp lands; \$5,000 for furnishing transcripts of records and plats, and \$10,000 for surveying public lands; \$50,000 are appropriated for the punishment for violations of internal revenue laws; \$80,000 are appropriated for repairing the pension office building in this city, but it is provided that no outside offices shall occupy any of the rooms until all of them are completed.

Public Debt Reduction.

WASHINGTON, Aug. 4.—The reduction on the public debt during July amounted to \$9,049,103. The net cash balance in the treasury on August 1 was \$80,209,825, an increase of \$5,000,000 during the month. Customs receipts, July amounted to \$17,894,497, against \$19,263 in July a year ago. Internal revenue receipts were \$9,480,047, against \$8,591,174 in July, 1885. Government receipts from all sources for the past month amounted to \$36,630,971, or fully \$5,000,000 more than in July, a year ago. Expenditures were \$23,488,011, or \$4,000,000 less than in July, 1885.

The Deficiency Appropriation.

WASHINGTON, Aug. 4.—The general deficiency appropriation bill as finally agreed upon by the conference committee, appropriates \$8,860,000. The senate added nearly \$2,000,000 to the house bill, \$300,000 of which was stricken out in conference. The senate clause providing for the readjustment of certain accounts, disallowed by the first comptroller, was stricken out. The senate provision for the payment of government transportation of public officers, and the house provision limiting to \$500 the fees of United States commissioners, was also stricken out.

Comparative Statements.

WASHINGTON, Aug. 4.—An advance comparative statement of the work done by the second auditor's office, treasury department for the fiscal year 1885-86, shows that as compared with 1884, with an average of ten less clerks and a decreased expenditure of \$30,000, there was an increase in the amount of work performed. In one branch especially claims for arrears of pay and bounty, second auditor, calls attention to the following figures: 617 claims, amounting to \$789,715, were allowed and audited in 1885 against 8,853, amounting to \$349,064.

MURDER AND SUICIDE.

A Young Man Shoots His Sweetheart, Her Father and Himself.

OMAHA, Neb., Aug. 4.—Early in the spring John Ide was engaged as a farm hand by John Rutke, of Mayville, thirteen miles from here. Ide soon formed an attachment for Miss Mary, the seventeen-year-old daughter of the farmer. His love seemed to be reciprocated by the young lady and their intimacy progressed smoothly until Ide asked for the young lady's hand and was refused it by her father. The enraged lover then asked the young lady to elope, but she refused to do so.

Ide pressed his claim upon her, but with the increase of his ardor grew obstinate and finally told him her affection was not such that she would forsake her home to become his wife, and that unless he desisted in pressing his proposals she would refuse to have anything to do with him. This declaration made Ide insane for revenge. When the young lady and her father went for the cows, Ide hid along the way they were to traverse and shot dead both the daughter and her father. He then walked up to the body of his dying sweetheart, and placing a revolver at his head, pulled the trigger. Within five minutes after the first shot was fired all three bodies were lifeless.

Murdered and Robbed.

ENKOPRISSE, Fla., Aug. 4.—John Bonie, the postmaster at St. Sebastian, Indian river, was found dead in his office last Wednesday. A man on his head showed that he had been murdered. The office was robbed but the amount taken is not known. Nathan McDonough and E. L. Binkley, colored, were arrested on suspicion, and lodged in Oklawaha jail.

ATTORNEY GENERAL GARLAND.

He is Interviewed on the Mexican and Canadian Fishery Troubles.

PITTSBURG, Pa., Aug. 4.—Hon. A. H. Garland, attorney general of the United States, passed through this city early this morning. Mr. Garland was looking well, and while partaking of a hearty breakfast in the Union depot, conversed with your correspondent as follows:

"Are you averse to explaining your position on the Pan-electric scandal?"

"I think there has been a good deal of nonsense published on this subject. The eastern newspapers represent me as being full of anxiety and about the resignation of my place in the cabinet. You may state that such is not the case. I am not disturbed in the least and take no cognizance of what newspapers may say to the contrary. The Pan-electric matter is now in the courts. As far as I am concerned it does not cost me a thought. I am going home now on a vacation and shall return to Washington between the 1st and 3d of October."

"What do you suppose will be the outcome of the Mexican difficulty?"

"That will be speedily adjusted. Both countries are equally anxious to settle the matter without further discussion. The papers in the matter were, I believe, sent yesterday to congress by Secretary Bayard. Congress, you know, has asked to be kept regularly acquainted with all steps taken."

"Then you think there is no chance for war?"

"None whatever."

"What are the prospects of settling the fishing dispute?"

"That also will be settled in a short time, and the interests of Americans concerned will, you may rest assured, be fully protected."

"Are you free to express an opinion as to the passage of the new treaty between Great Britain and the United States?"

"No, on that subject I must be silent. The matter is pending before the senate, and I cannot presume to discuss it at present."

New Telegraph Lines.

OTTAWA, Ont., Aug. 4.—Joseph Atchinson, of New York, was in town yesterday, on route for British Columbia. He will superintend the construction of a telegraph line from Port Moody, the Pacific terminus of the Canadian Pacific, to San Francisco. Operations will be commenced in a few weeks. Most of the distance of 1,100 miles intervening between the terminal points will be traversed by land, except where the line crosses Puget Sound. The promoters are James Gordon Bennett and John W. Mackey, who, by arrangement with the Canadian Pacific telegraph system, will compete with the Western Union for California business. The line will be completed before the end of November.

Jailed to Prevent Lynching.

BLOOMINGTON, Ind., Aug. 4.—Charles Leese, of Spencer, was placed in jail at this place for safe keeping, charged with murder, though his victim is still alive. The deed was committed, and the feeling was so strong against Leese that he was removed here to avert a threatened mob. According to the sheriff's story Leese, with a number of others, including William Dickson, began fussing, when Dickson and Leese came together, and in an instant Leese cut a terrible gash in Dickson's forehead. At last reports Dickson had but little chance of recovery. Leese is a railroad worker. He states that he committed the deed in self-defense; that Dickson struck at him first.

Wouldn't Play and Was Shot.

NEW YORK, Aug. 4.—Vincenzo Engodono, of No. 53 Mulberry street, and Michael Guandolo, of No. 24 Mott street, Italian laborers, sat down last evening in a basement restaurant at No. 53 Mulberry street to play cards. The injured man was taken to Chambers street hospital and his assailant was arrested by Patrolman Wimmer.

Butler took the lead from the start, and won by 100 yards, in fifteen minutes and forty-five and a one-half seconds. The next race, three miles, takes place on Thursday afternoon.

A Strange Coincidence.

NEW YORK, Aug. 4.—The ill-fated yacht Sarah Craig, lost in the storm of Friday night, was named in honor of Mrs. Sarah Craig Auchincloss, wife of Vice President Hugh Auchincloss, of the Merchants' bank, No. 42 Wall street, and by a sad and strange coincidence it happened that within a few hours of the disaster that sent the boat's crew into the depths Mrs. Auchincloss died, too, never hearing of the accident. She had been a long time in the grasp of consumption, but her death was very sudden.

A Destructive Fire.

LAFAYETTE, Ind., Aug. 4.—A destructive fire broke out at Ellettsville, Ind., 100 miles south of here, at 10 o'clock and a number of business houses, private residences and workshops were burned to the ground. Assistance was telegraphed for to Bloomington, and an engine from that place was sent over immediately but to late to be of much service, as the fire was under control when it arrived. The loss was heavy.

Jay Gould in Maine.

BAR HARBOR, Me., Aug. 4.—Jay Gould strolled along the streets yesterday, dressed in a faded blue suit and a straw hat that looked like last summer's. He stopped frequently to look into the store windows. He called on Mr. Blaine and was cordially received. Mr. Blaine left for Presburg last night, where he will make his first speech in the gubernatorial canvass.

Unidentified Dead Man.

OMAHA, Neb., Aug. 4.—The Burlington train brought in the remains of a well-dressed man with three bullet holes in his body, any one of which would be fatal. There is nothing whatever to reveal his identity, and the cause and circumstances of his death.

AMERICANS AWAKENING.

THE COMPLICATIONS WITH MEXICO GROWING SERIOUS.

Governor Ireland Orders Troops to the Front—Our Minister Wants to Resign and Come Home—Guns shipped to the Mexicans—Cutting Awaiting Sentence.

EL PASO, Tex., Aug. 4.—The Mexican government a few days ago said that Cutting would receive his sentence last Saturday, but the promise has not been kept. It is now said that to-morrow the sentence will be pronounced. The populace of Paso Del Norte has become very insolent toward all Americans. They seemed to think that the United States has backed completely down. Well informed Mexicans say that the feeling is that if Texas was left out Mexico could whip the remainder of the United States very easily.

A meeting of the citizens of El Paso was held, the call for which was signed by the best citizens of the place. The call reads: "A grand mass meeting will be held to-night at half past 7 in front of the Grand Central hotel to endorse the action of Governor Ireland in demanding the Federal protection for the Texas frontier and protection against Mexican outrages on American citizenship. American citizens must not be shot down in cold blood by Mexican authorities."

Taking Action at Washington.

WASHINGTON, Aug. 4.—There was a special meeting of the house committee on foreign affairs for the purpose of considering resolutions introduced by Messrs. Latham, of Texas, Belmont, of New York, and Cutting, of Texas, in relation to the imprisonment of A. K. Cutting in Mexico. After some discussion, the following prepared by Mr. Crane was unanimously adopted, and sent to the house for immediate action:

"WHEREAS, A. K. Cutting, an American citizen, is wrongfully deprived of his liberty by Mexican officials at Paso Del Norte in the republic of Mexico; and

"WHEREAS, The Mexican government refuses to release said Cutting upon the demand of the president of the United States; and,

"WHEREAS, the government of Mexico alleges as a reason for its refusal to comply with such demand that said Cutting violated a Mexican law upon American soil; and,

"WHEREAS, The house of representatives while appreciating the disposition shown by the government of Mexico to carry out international obligations, can never assent to the doctrine that citizens of the United States may be prosecuted in a foreign country for acts done wholly upon American soil; therefore be it

"RESOLVED, First, that the house of representatives approve of the action of the president of the United States in demanding the release of said A. K. Cutting;

"RESOLVED, Second, that the president of the United States be, and he is hereby requested to renew the demand for the release of said A. K. Cutting."

Guns for the Mexicans.

NOGAL, Ariz., Aug. 4.—Over 100 guns of the Remington pattern were thrown by express, consigned to Governor Torres, of Sonora. There is much comment here over international affairs and the feeling between American and Mexican citizens. A good many Mexicans are coming to the American side of the line. They take occasion to express violent opinions but the citizens are trying to keep down ill feeling. Only a narrow street divides the American part of the city from Mexico.

Soldiers Ordered to the Front.

AUSTIN, Tex., Aug. 4.—Governor Ireland, from the border, has directed the adjutant general to order Capt. Jones' company of rangers, now in Uralde county to proceed at once to Eagle Pass. The governor continues to receive applications, both by wire and mail, to raise troops. Gen. Henry E. McCulloch, an old Indian fighter and general in the Confederate army, has offered his services. Col. Smith, of Cleburne, offers a brigade of ten regiments.

Resignation of Our Mexican Minister.

DALLAS, Tex., Aug. 4.—News was received here yesterday of the resignation of the City of Mexico Minister Jackson's resignation, he giving as a reason that the office is shorn of its dignity and under existing circumstances is disagreeable to him. The report says that Gen. Jackson's letter of resignation should have reached the state department at Washington by this time, and that if his resignation is accepted he will soon depart for home.

TERRIBLE BUTCHERY.

BROOKFIELD, Mo., Aug. 4.—At a picnic given at the Meyer school house Saturday, nine miles north of this place, a terrible affray occurred in which two men lost their lives. Farmers for miles around had gathered at this picnic to spend the day in harmless amusements, and one John Garner took advantage of the gathering to establish a booth for the sale of beer without complying with the legal requirement of procuring a license. Several heads of families present called on Chaucery Hague, constable of Grantville township, to suppress the nuisance.

SAVED FROM DROWNING.

Five Persons Rescued From a Watery Grave by the Bradford Brothers.

ATLANTIC CITY, N. J., Aug. 4.—Five persons were saved from drowning here by the famous life guards, the Bradford brothers, aided by George Piersal, son of an ex-city treasurer of Philadelphia. The save were Miss Clara Randall, the "Paquita" in "Gerolamo," now playing in Howard's pier by the Adelaide Randall Bijou Opera company; D. A. Flint, the "Mourner," betrouled in the "Gerolamo" of the same company; Alex. Richey, a Philadelphia lawyer, and Julian Weber, also of the latter city. C. J. Campbell, of the Bijou Opera company, though also in danger, managed to save himself.

The time was about 11:30 a. m. The place close by the pier. The tide was running out with a tremendous undercurrent. Michael Bradford was in his surf boat with a lady. There were hundreds in the water further out, when suddenly there was a cry for help. Clara Randall was drifting out. A moment more and there was a lusty cry from one of the men. There was a rush of those on the pier to the aid. Mike Bradford heard the first call and saw the waiving hand signaling the danger. He bent to his oars, the lady in front of him, and called out, urging him on. A man who had gone to rescue the lady was in danger. Then came a ringing cheer; the man was saved and the boat came pulling for the shore. Clara Randall was saved by Ned Bradford, who had run out with his life-line.

Time flew so fast that the full extent of the danger had not been realized. Julian Weber had started in the surf boat at the first alarm, resolving to do his best for those he saw drifting away. But he, too, though a good swimmer, became exhausted and called for aid. Mike Bradford had reached the boardwalk unconscious that anyone else was in peril. With the signal, however, he sprang over the rail and was off to the gallant fellow who had risked his life to save others, at strangled back with him in an exhausted condition. His brother had also been busy again. Mr. Ritchey was surely sinking. Ned Bradford and Piersal, however, did not despair. The life-lines reached the man, and the record of four more saved was made. Such a scene has rarely attended bathing at Atlantic City.

INTER-DENOMINATIONAL MEETING.

Largest Gathering of the Kind Ever Held in This Country.

PITTSBURG, Pa., Aug. 4.—The Inter-Denominational convention, the greatest gathering of the kind held in this country, opened in Valley Camp, a beautiful grove seven miles from this city, on the bank of the Allegheny river, promptly at 10 o'clock this morning and will continue for three days. The weather is propitious and the attendance good, over 1,000 persons being present at the opening session. Rev. Dr. C. W. Smith, editor of the Christian Advocate, presided, and conducted the devotional exercises. Dr. L. A. Gutwald, of the Springfield, O., Lutheran church, was too ill to attend, and Rev. Dr. J. W. Spruill, of Allegheny City, made the opening address. His subject was "Union without absorption, the glory of Christianity."

At 11:30 a. m. Rev. J. T. McGroarty, of Pittsburg, delivered an address on "Our nation a Christian nation and the outgrowth of Christian principles." This afternoon Rev. H. H. George discussed the question "How can we best conserve the interests of the American Sabbath?" Ex-Chief Justice Agnew spoke at length on the subject "How should we meet the demands made by the liquor men and infidel clubs that the laws protecting the Sabbath and restricting the liquor traffic should be repealed?" This evening Rev. David Jones will speak on the subject "This world for Christ."

The executive of the union began laying the matter before the publishers. One evening paper met the required rate. The Leader, of whose proprietors are non-union men, has heretofore refused to meet the demands of the union in some cases, and union men have been waiting for an opportunity to lead or force the office into their folds.

Accidental Killing.

GALLIAPOLIS, O., Aug. 4.—News was received here of the killing of George Lovegrove by Clay Mays, seven miles below here on the West Virginia side. The parties were relatives, and had a previous difficulty. Lovegrove was sweeping in the yard, while Mays was seated on the doorstep of the house cleaning a revolver. Lovegrove was sweeping up to where Mays was, ordered him to get up, at the same time giving him a punch with the broom. On Mays getting up Lovegrove gave him another punch, pushing Mays backward, and as he fell the revolver was discharged, entering Lovegrove's brains, he dying from the effects of it in about four hours, and being inhuman up to the moment of death. Mays was arrested, giving the above statement and declaring the shot to have been entirely accidental.

GENERAL FOREIGN NEWS.

A SAD STORY AND CRUEL FATE OF AN ITALIAN PRIMA DONNA.

The Suicide of Her Brother Causes the Death of Her Mother and Drives Her Insane—Mr. Gladstone Watching the New Cabinet—Ministry Visits the Queen.

LONDON, Aug. 4.—A tragic story is told by the Cologne Gazette of the sad experience and cruel fate of the favorite Italian prima donna, Zaira Gattini. A short time ago Zaira, her mother and two brothers went to Barcelona, where the prima donna was to fill an engagement. While there the mother became ill. Physicians were called but the patient steadily grew worse. Zaira attended at the bedside of her mother during the day, and regularly appeared at the theater each night, leaving her brothers to watch over the sick one. One night while Zaira was absent at the theater the physician informed her brothers that their mother was in a hopeless condition and could live but a few hours at the most. The elder of the brothers, crazed with grief at this announcement, seized a pistol and shot himself dead in the presence of his mother, who expired almost immediately afterward.

The younger brother hastened to the theater to inform his sister. He was admitted, and met her just as she was leaving the stage, burdened with flowers and her ears ringing with the applause of the audience. In a few words he told her what had happened, when with a scream that was heard all over the house, she ran to a window and attempted to throw herself to the ground. She was restrained by friends, who, attracted by her cries, rushed toward her, and immediately conveyed her to her apartments. When her condition was ascertained it was found that the shock had deprived her of her reason, permanently the physicians feared, and she is now confined in an asylum.

Criticizing the Cabinet.

LONDON, Aug. 4.—Conservatives as well as Liberals are freely criticizing the exclusion from the cabinet of the lord privy seal, which is considered a vital objection, and surprise is also felt that Earl Colclough should have given his assent to such an arrangement. The Conservatives openly express their regret that Mr. Henry Chaplin was not admitted to the cabinet, but nothing resembling rebellion is manifest among them, all inclining to the belief that under the circumstances the arrangement of the ministry has been the very best that could have been made.

Preparing for the New Ministry.

LONDON, Aug. 4.—The ministers, their secretaries and the minor officials of the various departments are working hard to smooth the way for the advent of the new ministry, and the army of clerks is kept busy night and day clearing up routine business and disposing of the appalling mass of correspondence which the approaching change of government has provoked.

Gladstone Watching the Cabinet.

LONDON, Aug. 4.—Mr. Gladstone, who is pining for a yachting trip, has resolved, with the connivance of an old parliamentary hand, to remain here awhile longer to see which way the political cat will jump, and will probably take up his residence at the mansion of Lady Frederick Cavendish, 21 Carlton house terrace, after his return from his annual cruise.

On Their Way to Osborne.

LONDON, Aug. 4.—The members of the outgoing and incoming ministry have departed for Osborne, the former to officially tender their resignations to the queen and the latter for the purpose of receiving the seals of their office.

Snow in Rome.

ROME, Aug. 4.—At 4:45 this morning snow began falling here, the fall lasting about five minutes. The weather is extremely cold for this season of the year.

India's Cotton Crop.

LONDON, Aug. 4.—Despatches from Calcutta state that the cotton crop of Western India is expected to be the largest ever gathered.

KANSAS DRUGGISTS.

The Temperance People of Wichita Enforcing the License Laws.

WICHITA, Kan., Aug. 4.—The largest and wealthiest drug establishments were called upon to answer for violation of the existing liquor laws, the charge against them being selling without a druggist's permit. These druggists, of Aldrich & Brown, being mayor of the city, and his clerk, Harry Lease, the son of a prominent state temperance agitator. The prominence of the parties, together with the excitement of the question involved, will make the trial on Wednesday one of the deepest interest. The punishment is \$100 fine and thirty days in the county jail for the first offense.

David Davis' Will.

BLOOMINGTON, Ill., Aug. 4.—The will of the late David Davis was offered for probate and sent to Washington for verification of the signatures. It was made on March 8, 1885, just prior to Mr. Davis' second marriage. It is very voluminous. The estate is valued at about \$1,000,000, chiefly in lands in Illinois. The will discloses that his second wife is deprived of dower by an ante-nuptial contract. He leaves her \$2,500 in money, all the furniture purchased since their marriage, carriages, horses, etc. The family household is kept in the family unencumbered, but does not specify who shall take it. He provides comfortable support for his poor relations. After setting out various large tracts of land to his children and grandchildren, he bequeaths all the rest to his son and daughter in common. He earnestly enjoins on his heirs not to sell or encumber the estate.

Fatal Foolishness.

PARIS, Ky., Aug. 4.—At the Exchange hotel, Mike Doyle, son of the proprietor, shot his uncle, John Walsh. The boy was examining a self-cooking pistol, when Walsh entered the room and knocked the pistol up. The weapon was discharged, and the bullets entered Walsh's abdomen. Walsh died.
